

The Navy League of the United States

Founded in 1902 with the support of President

Theodore Roosevelt, the Navy League of the United States is a powerful voice for a strong maritime component to our national defense: that means a Navy ... Marine Corps ... Coast Guard ... and Merchant Marine that are **SECOND TO NONE**. The Navy League's missions include keeping the public and elected officials informed about the importance of seapower to our Nation's national security and economic prosperity as well as providing direct support to sea service personnel and their families through our more than 55,000 members in approximately 260 Councils worldwide. The Navy League also helps build America's future through successful youth programs like the Naval Sea Cadet Corps and the Navy League Foundation Scholarship Program.
